Narratives

Disaster Damage:

Hurricanes Katrina and Rita's legacy to coastal Louisiana was an unprecedented wake of death, destruction and devastation. Taken together, 1,464 people lost their lives, more than 200,000 homes and 18,000 businesses were destroyed and billions of dollars in property was impacted. Hurricane Katrina approached New Orleans and the Louisiana-Mississippi state border on August 29, 2005 at a Category 5 level, and the fifth-strongest ever recorded hurricane. Before reaching land it was downgraded to a Category 3, but caused massive destruction and severe damage up to 76 miles east of the storm's center. Orleans, Plaquemines, and St. Bernard Parishes suffered widespread flooding as a result of storm surge overtopping or breaching area levees. Along the north shore of Lake Pontchartrain, up to six feet of water inundated the cities of Mandeville and Slidell. The City of New Orleans was under a mandatory evacuation for more than a month. Less than a month later on September 24, Hurricane Rita, the second strongest ever to enter the Gulf of Mexico came ashore, also as a Category 3, and flooded the coastal areas of southwestern Louisiana in the area around Lake Charles, impacting nearly a half million households. Hurricane Katrina will most likely be categorized as the third deadliest and the costliest storm in U. S. history. While hurricane Rita exacted a lower death toll, taken together, these storms wrought catastrophic destruction on the Louisiana coastal areas, exacting an enormous toll on the material, financial and emotional resources of hundreds of thousands of Louisianans.

While the impact was wide-spread and indiscriminate of income and social status, the impact of the hurricanes on the poor was particularly devastating, especially in Orleans Parish where the U.S. Census in 2000 reports only a 46.5% homeownership rate (compared to 67.9% in the State), a median household income of \$27,133 (compared to \$32,566 in the State), and a poverty rate of 27.9% (compared to a state rate of 19.6%). In contrast, while Calcasieu, Cameron, Plaquemines and St. Bernard Parishes sustained major damage, they had higher homeownership rates (ranging between 71% and 85%), higher median incomes (ranging between \$34,000 and \$38,000) and lower poverty rates (12% to 18%). The concentration and number of persons in extreme poverty neighborhoods exacerbated the negative impact on the poor principally in New Orleans. According to the Brookings Institution (October 2005), one out of every four neighborhoods in the city of New Orleans was classified as an "extreme-poverty" neighborhood, with at least 40% of its residents living below the federal poverty threshold. These 47 neighborhoods were home to nearly 100,000 residents and had an average household income which lagged the City's by over \$17,000. The Congressional Research Service (CRS) calculates that the poverty rate in the flooded and damaged areas in the State of Louisiana was 21.4%, confirming the widespread sentiment that high poverty neighborhoods were disproportionately flooded (CRS, November 4, 2005). The social impacts were also greater for those most vulnerable before the storms. These individuals were less connected to the workforce, had educational disadvantages, were elderly or disabled, or were children. Nearly 90,000 persons aged 65 and older were likely displaced by the storms, many of whom lived alone and had at least one disability. Displaced aged persons also were poor (an estimated 15%) and one quarter lacked vehicles. The child poverty rate in the areas affected by the hurricanes was over 30% (CRS, November 4, 2005). The fragility of the most affected populations places a greater burden on the federal, state and local resources available for recovery efforts. The poor standing of the impacted population before the hurricanes severely stretches Louisiana's state and local resources, making the need for federal assistance even more critical.

Recovery Needs:

Coastal Louisiana struggles two years after the hurricanes. The population Orleans Parish which was 455,000 in June 2005 had fallen to an estimated 223,388 in March 2007. Plaquemines Parish has lost an estimated 16% of its population while St. Bernard went 65,000 people to 15,514, a 77% loss. [All figures used here are U. S. Census estimates.] By comparison, St. Tammany parish north of Lake Pontchartrain and out of the direct path of the storms, gained 25,000 people. East Baton Rouge Parish had an

influx of nearly 36,000 people. Louisiana citizens were displaced all over the state and country with over 90,000 in Texas and significant numbers in Mississippi, Georgia and Florida. In total, approximately 210,000 FEMA applicants from Louisiana were at out-of-state mailing addresses. Job losses peaked at round 220,000 in October 2005. Currently there are 77,000 fewer people employed on the New Orleans MSA when compared to June 2005, despite increased demand for construction labor. In respect to businesses damaged by the hurricanes, 62,000 of 81,000 have reopened since the hurricanes hit, a reduction of over 25%. The gross state product declined nearly \$7.4 billion dollars in the one year period of June 2005 to 2006. Only 18% of the public schools and 21% of the child care centers in New Orleans have reopened, and three of ten New Orleans pre-storm hospitals have reopened. Sixty three (63) water systems statewide were storm damaged to the point that they have been deactivated or closed altogether. In New Orleans only 60% of the electric and 41% of the gas pre-storm customers were using these services. Bus rider ship was at 49% of the pre-storm level and 59% of the daily air line seats in and out of the Louis Armstrong Airport were being filled. The famed New Orleans streets cars, known worldwide, were not operational. Over 165,000 submitted applications for homeowner assistance to the Road Home program and nearly 40,000 have received funding by the end of July 2007. Affordable housing in New Orleans is virtually non-existent with over 35 % of the City's rental units either destroyed or severely damaged by Katrina. Four of the City's largest public housing complexes are scheduled to be demolished, rather than being rebuilt or replaced, furthering hampering New Orleans residents ability to return. Debris left in the wake of the storm amounts to staggering quantities: 22 million tons [or enough to fill the Superdome more than 13 times]; 350,000 flooded or abandoned vehicles; 60,000 damaged vessels; nearly 1.5 million units of white goods [refrigerators/freezers, washers/dryers, stoves, AC units, etc.] Estimates are available for the City of New Orleans regarding the impact of Hurricane Katrina on housing occupied by low to moderate income residents which are defined as those below 80% of the average median income (AMI). Those estimates produced by the Greater New Orleans Community Development Center show that 65% of the owner occupied units that are damaged or destroyed belonged to low to moderate income families. Low to moderate income families rented 89% of the rental units that were damaged or destroyed. An estimated total of 119,770 owner occupied and rental units serving the low to moderate income population, or 88.7%, were damaged or destroyed. Not only did the hurricanes greatly affect the availability of housing, it also affected the capacity of the non-profit infrastructure as well as the private home building industry to address the needs arising from this crisis. Prior to the storms of 2005, the non-profit sector accounted for 5.6% of the State's total workforce, a substantial force on the State's economy. A large percent of those jobs fell within the State's metropolitan statistical areas, and 55% of all non-profit jobs are in the health care industry. The fact that 70% of these jobs were located in the parishes most devastated by the hurricanes call into question the state's capacity to offer critical services related not only to housing, but also to the areas of health care, social services, education and nearly more.

Progress Toward National Objective Targets

Overall Progress Narrative:

During the 1st quarter of 2015, almost \$17 million in disaster recovery grant funds were expended on the housing programs designed to assist Louisianans in the recovery from Hurricanes Katrina and Rita, while over \$20 million was expended on infrastructure projects and over \$1.3 million on economic development programs. The Louisiana Office of Community Development/Disaster Recovery Unit (OCD/DRU) managed these efforts with a staff of 79 fulltime employees and 5 part-time workers, at a cost of approximately \$2.3 million, approximately 5% of the total in recovery grant funds expended this quarter.

Activity Description:

This activity is a bucket for all unbudgeted Piggyback projects and administrative costs.

HUD approved the release of funds for the Low-income Housing Tax Credits (LIHTC)/Community Development

Block Grant (CDBG) Piggyback Program; outlined in Action Plan One, Amendment 4; on December 8, 2006, to combine the resources of Gulf Opportunity Zone Tax Credits (GO Zone), CDBG Piggyback funding, available HOME funds, Section 8 housing vouchers, and leveraged private investments to generate between 18,000 and 33,000 new or restored rental units. The program will support the development of mixed income communities and ensure the restoration of rental housing in the most heavily affected parishes. HUD approved Action Plan Two, Amendment 4, on November 9, 2007, which reallocated a portion of the funds from this program to the Homeowners Assistance Program. The State plans on submitting Action Plan Two, Amendment 17, to request \$9 million from the Small Rental Program for the purpose of funding the Sugar Hill Crossing Project in St. James Parish. The total number of Piggyback projects now stands at 57 with CDBG funds allocated to assist in the development of approximately 7,726 units.

Location Description:

Katrina/Rita affected parishes.

Activity Progress Narrative:

The above expenditures are for consulting fees for financial/legal analysis and labor compliance.

Activity Progress Narrative:

The LLT received 4 properties of which, LLT sold one generating \$20,010 in 2010. This amount was not recorded in DRGR until 2012 possibly because LLT did not report the individual amounts given to municipalities back in 2010. The Town of Kinder took possession of the remaining three properties but later asked the LLT to auction them off. In 2011, the LLT auctioned the three properties generating another \$33,251. In total that makes \$53,261 of PI that went to the Town of Kinder. Since the Town did not receive more than \$35,000 in a given year, then they are not required to track the PI.

In summary, the Town of Kinder had 4 properties all of which were sold and funds turned over to the municipality.

Village of Reeves

The LLT received 1 property in the Village of Reeves which was transferred to the town as Green Space. By definition, they cannot dispose of the property but must leave it in green space.

Laurie Brown

K/R Reporting Manager

225 342-1951

Property in Village of Reeves now has a dog pound on it and town is in the process of getting bids for a maintenance shop to be built there also.

Kam Kingrey

Activity Description:

Before the disaster, a large portion of very low income working families resided in single-family homes, "doubles" and small, multi-family buildings that were owned and operated by small-scale landlords. A sizeable number of these properties were underinsured or uninsured and no longer available for occupancy. The State proposes to provide financial assistance to small rental property owners through Action Plan 2 so that they may effectively return an estimated 10,206 affordable and ready to be occupied units to the rental housing market. A portion of the funds (\$40 million) is set aside as a pilot program to assist in the creation of homeownership opportunities for renters and will be administered by the Louisiana Housing Finance Agency. The primary purposes of this incentive program is to enable small-scale rental properties to return to the market while limiting the amount of debt (and therefore debt service) required for the properties, so that the owners will be able to charge affordable rents. The program will, on a competitive basis, offer incentives in the form of forgivable loans to qualified owners who agree to offer apartments at affordable rents to be occupied by lower income households. Subsidies will be provided on a sliding scale, with the minimum subsidy provided for units made available at affordable market rents to be occupied (rents affordable to household with incomes at or below 80% of median) and maximum amount of subsidy going to units affordable to families with incomes at or below 50% of AMI.

In addition to funding incentives for providing affordable units in small rental properties, the program will, where

practical, make funds available to improve building design and make properties less susceptible to damage from natural events. In general, higher per unit amounts will be available to property owners who agree to offer lower rents to reflect the lower amount of rental income these properties will receive. The assistance will be offered as deferred payment loans at zero percent interest, due only upon resale of the property or failure to comply with the agreed-upon restrictions on rents and household incomes. The program will, on a competitive basis, provide zero interest gap financing to restore units that are rented at affordable rates. Higher funding amounts up to \$100,000 per unit are available to qualified landlords who agree to offer lower rents, with the maximum amount of subsidy going for larger rental units where rents are affordable for families with incomes at or below 50% area median income.

Additional performance measures include: Total # units in the activity: proposed 10,206 # affordable units: proposed 7,655 Minimum # years that affordability restrictions apply: 10 # assisted units occupied by elderly households: proposed 850 # units subsidized with project based rental assistance: proposed 340 # units made lead safe: proposed low-income 1531 proposed mod-income 1021 # units meeting Sec. 504 accessibility standards: proposed 850 # people served below 30% of AMI: TBD Expenditures on affordable rental housing under 2nd appropriation: TBD Expenditures in New Orleans Metro area under 2nd appropriation: TBD

Location Description:

Disaster affected parishes.

Activity Progress Narrative:

The Small Rental Property Program (SRPP) design was approved by the LRA and the OCD-DRU on December 28, 2006. Program applications were received through a series of competitive rounds. March 2007 marked the application deadline for Round 1, while Round 2 ended in July 2007.

There were 4,510 total current participants meeting basic eligibility requirements for competition in rounds 1, 2, 2.1, and 2.2 of the SRPP. Since the close of all rounds, \$423,596,173 in Federal funds has been committed through an SRPP-issued commitment letter to 4,418 current awardees, with the average project award being \$95,879.62. Of the 4,418 awardees, there are 492 projects still moving toward closing.

As of the end of March 2015, \$408,680,728 has been disbursed toward Rental properties. A total of 4,413 Rental closings resulted in 8,540 total livable units, with 7,598 representing affordable units. In addition, there are 294 current/active Owner Occupied awards that have resulted in 294 closings, with a total award amount of \$20,297,303. In total, the SRPP has held 4,707 closings on 8,632 units, with 7,598 being affordable units.

Construction Management Initiative Option (CMIO)

Due to feedback from applicants and public officials, SRPP developed a path where current applicants could complete construction of their affordable units. In the Construction Management Initiative Option (CMIO), the state assigned a contractor and made periodic disbursements to the contractor as construction progressed.

Of the total population of current/active awardees, 343 applicants are being processed through the CMIO. All 343 have completed preliminary benefit determination and have had a contractor assigned. Of these 343, 342 have accepted a contractor bid, have closed, and have started construction on their property. The 342 closed CMIO properties will provide for 626 total livable units, including 605 affordable units. As of this quarter, 326 of the 342 awards have completed construction.

Appeals

As of this quarter, 5,176 appeals have been received. Of the 5,176 received, 5,154 were issued determinations and resolved. SRPP staff continue to process files for the Uniform Relocation Act assistance program for Rounds 1, 2, 2.1, and 2.2.

1st Quarter 2015

Changes in Federal Funds are reported every quarter. Total livable units and affordable units are counted at the time of closing.

Lisa Bergeron

Housing Finance Manager

(225) 763-8880

\$171,131.60 in returns from Bayou Title, Inc. were processed in the state's financial system this quarter as prior-year returns.

Please see attached document for the reconciliation between Total Expended and Total Disbursed.

Activity Description:

This Program is to aid first time homebuyers in the purchase of a newly built homes in a new development located near the community center in Plaquemines Parish. This is a ground-up development starting with infrastructure with funding sources from other Parish funding and private funding.

Location Description:

Plaquemines Parish

Activity Progress Narrative:

First Time Homebuyer Program provides assistance for families with income up to 120% AMI. The homebuyer will be provided a soft second loan at 0% interest up to 50% of the sales price of the house, or \$100,000, whichever is less. All homebuyers are eligible to receive up to \$10,000 in Closing Cost Assistance. Note: 105 New Street was a return of production (-\$46,332.40) . It was funded and closed at the end of Dec 2014. Seller walked out at the closing table. 1 LMI loan closed this quarter. Expenditures above are a net of the return and the closing this quarter.

Brenda Evans
Program Administrator
225 763-8852

Race/ethnicity and income level of the LMI closing is the same as the return, so the net gain of individuals is 0.

Activity Description:

A large number of homeowners have faced difficulty in securing sufficient resources to fully rebuild their homes. The Road Home program has provided many homeowners with significant funding to complete this process. Unfortunately, due to increased costs of construction, materials and labor, these funds have often fallen short. Additionally, a number of homeowners have fallen victim to corrupt contractors that have taken these resources, leaving their homes unfinished and their financing need unmet. The State has initially allocate \$20 million to develop the Nonprofit Rebuilding Pilot Program to help homeowners get back into their homes - including both participants and non-participants in the Road Home program.

Location Description:

Orleans Parish

Activity Description:

These funds will be used to assist Infrastructure program applicants in development their projects and complying with CDBG regulations throughout implementation. Funds will be used to provide assistance to applicants in all Disaster Recovery Infrastructure programs, including the following: Ratepayer Mitigation, Long Term Community Recovery, Primary and Secondary Education Infrastructure, and Fisheries Infrastructure. Efforts under this activity will include project development, bidding, pre-construction, construction, and closeout. Project closeout is to include assistance with preparation and submittal of the final wage report and project closeout package, which includes the preparation of financial reports, the clearing of any liens and finalizing outstanding payment requests.

Location Description:

Disaster affected parishes.

Activity Progress Narrative:

An \$89.10 charge was expended on the incorrect responsible organization for the 4th quarter of 2014, and is corrected this quarter.

Joseph Rossman
Disaster Recovery Analyst
(225) 219-9600

The majority of the Infrastructure Program Delivery funds pay for the services of two contractors involved in application through project closeout activities. These activities include application preparation, application amendments, and providing assistance to grantees in the areas of project development, record keeping, financial management, citizen participation, procurement, residential anti-displacement, Section 504, fair housing, equal employment opportunity, Section 3, labor compliance, disclosure reporting, and property acquisition.

Jeremy Meiske
Program Manager

Activity Description:

The purpose of the roadway improvements for which funding is being requested is to facilitate the increased traffic flows that will be generated in the construction of the new Costco Wholesale retail center at Palmetto and Dublin Streets. The new "Costco", along with parking areas, will encompass approximately 14.76 acres. The entire site is bounded by Cambronne Street to the north; the southbound lane of the Ponchartrain Expressway to the east; South Carrollton Street to the south; and Palmetto Street (northbound) to the west.

Location Description:

Palmetto Street, Dublin Street, Cambronne Street, Dixon Street, Ponchartrain Expressway, New Orleans, LA 70112.

Activity Progress Narrative:

Project budget decreased to reflect actual project cost. Project involves construction of several roadway improvements to facilitate increased traffic generated by Costco.- Desirae Williams, Infrastructure Analyst, (225) 219-9600

Activity Description:

This program will fund seventeen (17) code enforcement positions and related costs in the Department of Safety and Permits, for a three (3) year period. The City of New Orleans has experienced a quantifiable increase in the demand placed on the Department relative to the ongoing rebuilding efforts following Katrina. The proposed project activities will allow additional staffing to strategically target blighted properties and implement code enforcement processes to eliminate the blighted conditions of properties and facilitate code-compliant rebuilding of structures to reduce damages from future storm events.

Activity Description:

This project will make substantial infrastructure improvements at the entry-way to the NASA-Michoud Assembly Facility, while adding new enhancements that will make the area more competitive in the eyes of prospective business tenants. Specifically, the project involves design and construction of the following elements: 1. Provision of 2.2 miles of landscaping along Old Gentilly Road (from I-510 to Chef Menteur Highway); 2. Improvement of storm drains and replacement of concrete panels along sections of Old Gentilly Road; 3. Installation of lighting along Old Gentilly Road; and 4. Asphalt cold planing and concrete overlay portions of Old Gentilly Road. Due to a DRGR difference in the 2nd grant, the Other Funds section does not include the same identity of funds sources as the 1st grant. This activity is also funded by \$2,000,000.00 in ILTR - 00202 (CDBG funds) (and additional performance measures) from the 1st grant of Katrina/Rita.

Location Description:

Old Gentilly Highway between Chef Menteur and I-610

Activity Description:

This project removes residential home slabs, non-residential, and/or flatwork remaining after FEMA funded structure demolition and restores the sites (filling and grading property). This project is part of an overall program of St. Bernard and Orleans Parishes with slab removal. The proposed estimate of slabs that can be removed from St. Bernard Parish is 1602 and from 350 from Orleans Parish, bringing the total to 1952 properties.

Activity Description:

This project provides construction loan financing to non-profit developers to construct homes in the Pontchartrain Park and Gentilly Woods neighborhoods, as well as grant fund (gap financing) for Gentilly Woods' homebuyers, and delivery costs for NORA. Program income generated from the sale of former Road Home properties will be available for construction financing in expanded target areas in New Orleans East, Gentilly, Treme/Lafitte, and Algiers. This activity funds homeowners who qualify as 120 % or less of the New Orleans Area Median Income (AMI) and would be classified as slum and blight.

Activity Description:

Location Description:

Orleans Parish

Activity Progress Narrative:

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

5,161 homes have been disposed of to-date in this parish. 1,368 of the 5,161 resulted in program income funds being returned to the State, 548 resulted in funds remaining with the parish and 3,215 properties have been given to the parish to be used according to the OCD/DRU approved Parish Plan. 26 properties were given to the Housing Authority of New Orleans. 4 properties were given to the Board of Supervisors of LSU AM College. This activity contains the funds returned to the state.

Activity Description:

This activity is a placeholder for parish-held program income for Plaquemines Parish not yet approved for a specific application.

Location Description:

Plaquemines Parish

Activity Progress Narrative:

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

Corrections were made this quarter on the information previously reported by the LLT on the homes disposed of to-date. This narrative is correcting prior narratives, which inaccurately reported the status of Road Home option 2&3 homes in Plaquemines Parish. 1 homes purchased by the State in Plaquemines Parish, via the Road Home Program, was sold this quarter. 258 homes have been disposed to-date in this parish. 253 of the 258 resulted in program income funds being returned to the State, 0 resulted in funds remaining with the Parish and 2 properties were given to the parish and 2 were given to the Plaquemines Parish Government. This activity contains the funds remaining with the parish.

Activity Description:

HUD approved the release of funds for the Supportive Housing Services Program; outlined in Action Plan One, Amendment 1; on May 30, 2006, to offer grants for Permanent Supportive Housing (PSH) which are designed to provide flexible, community-based supportive services for special needs households linked to affordable rental housing units in community-integrated, non-institutional settings. The Louisiana Department of Health and Hospitals (DHH) will serve as the lead agency for funding, administration, and monitoring of CDBG funds for the Grants. Grants will also be made to sub-recipient Local Lead Agencies designated by DHH and by the Louisiana Department of Social Services (DSS). The Local Lead Agencies will conduct outreach to identify individuals eligible for PSH, develop and maintain waiting lists, enter into agreements with providers of PSH units, pre-screen, prioritize and refer eligible individuals for PSH, and provide the necessary services. Additional performance measures include: # people served below 30% of FPL TBD Expenditures on affordable rental housing under 2nd appropriation TBD Expenditures in New Orleans Metro area under 2nd appropriation TBD

Location Description:

Disaster Affected Parishes.

Activity Progress Narrative:

31 new PSH households received services in the 1st quarter of 2015. This brought the total number of households receiving assistance since the inception of the program to 5,921. All of the households served have incomes below 50% AMI. 8 of the 31 households served were female headed households. 26 of the households were served in the New Orleans Metro area. Of the 31 households served, 17 were homeless and 10 were chronically homeless. At the end of 1st Quarter, there are a total of 3,160 female headed households served and 3,624 served in the New Orleans Metro area. Since the beginning of the program, 1,737 homeless and 874 chronically homeless households have received supportive services.

Activity Description:

Location Description:

St. Bernard Parish

Activity Progress Narrative:

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of Road Home Program purchased homes. The national objective and activity type will be added in advance of PI disbursement.

This quarter 4 homes have been given to the parish to be used in OCD/DRU approved projects. 4,348 homes have been disposed of to-date in this parish, with the PI generated from the sale of 2,507 returning to the State and the PI generated from the sale of 342 remaining with the parish. 19 properties were given to the St. Bernard Parish School Board and 2 were given to the St. Bernard Parish Sheriff's Office. This activity contains the funds remaining with the parish.

Match Contributed	\$0.00	\$0.00

Activity Description:

The Road Home Homeowner Assistance program provides financial compensation and advisory services will be available for homeowners who wish to select from one of the three following options: 1. Repair/Rebuild - financial incentives to repair or reconstruct on the same site; 2. Sell and Relocate within the state - purchase of the home by the program in exchange for an agreement to resettle in Louisiana; or 3. Sell and Relocate out of the state - voluntary sale of the home with no expectation of resettlement in the state. The allocation for this program represents uses an estimated 51% benefit to low and moderate income citizens. This estimate is based on first and second quarter data which differs from the Road Home registry data. The registry data showed 76.2% of the 107,713 registrants earned at or below \$50,000. Since the registry did not collect data on household size, it is impossible to estimate the number of low income households. This allocation amount and estimated performance will be continually modified as data on the actual applicants is collected.

Location Description:

The program will serve homeowners in at least 17 permanent and mobile homeowner assistance centers in disaster

affected parishes and other areas in and out of state where concentrations of displaced citizens are located.

Activity Progress Narrative:

In the QPR for the 4th quarter of 2008, the total expended was inaccurately reduced by the amount of program income already used to reduce a voucher years earlier. This amount is being added back in this quarter to correctly reflect the total expended.
